Xeylex Pricing

Approved October 13 2026

Monthly service on one Owner account

Service	Monthly price
First monitored machine	$60
Each additional monitored machine	$20
First active cellular connection	$20
Each additional cellular connection	$10
Wi-Fi-only connectivity	No cellular fee

Count connections separately from machines. If two machines share one suitable gateway, count one cellular connection. Prices below exclude optional SMS and taxes.

Monthly examples

One machine using Wi-Fi: $60. Two machines using Wi-Fi: $80.

One machine with one cellular connection: $80.

Two machines sharing one cellular connection: $100.

Two machines with two cellular connections: $110.

Three machines with three cellular connections: $140.

One time hardware

C1 compressor: $599, including its first gateway hardware. R/H: $1,399. Vacuum: $425. Standalone or additional gateway: $120. Do not count included gateway hardware twice.

Installation, shipping, taxes and service-company repair work are separate. Installation is quoted by the installer; website budget estimates are not fixed fees.

Launch offer and other plans

First launch-customer month of monitoring and cellular is free. Hardware is paid before installation. Confirm optional SMS, trial dates and accepted terms in the quote. Standard sponsor: $99/month; Pro: $299/month; Tune: free; Enterprise: negotiated. Existing separately agreed terms remain subject to their agreement.
